

Pinnacle® Sun

Cool Roof Technology that Fights Smog

According to the Cool Roof Rating Council (CRRC), the average energy savings for a cool roof can be up to 15% of total cooling costs.

Pinnacle® Sun shingles are where function meets beauty. With protection against harsh sunshine, smog, algae, and high winds, you're investing in a durable roofing system that is built to last.

Length: 42" / 1066.8 mm
Width: 14" / 355.6 mm

Exposure: 6" / 152.4 mm
Shingles Per Bundle: 18-20

FEATURES

- Available In 6 Colors
- 3M™ Scotchgard™ Protector
- Class 3 Impact Rating
- 3M™ Cooling Technology
- 3M™ Smog-Reducing Technology
- 130 mph Wind Limited Warranty**
- FASTAC® Double Sealant Lines
- Atlas Lifetime* Algae Resistance Limited Warranty
- Lifetime Limited Warranty**
- Atlas Signature Select® Eligible¹

ASTM

- D7158, Class H Wind Resistance, Passed at 150 mph
- D6381, Uplift Resistance
- D3018, Type 1
- D3161, Class F, Tested at 110 mph
- D3462, As Manufactured
- E108, Class A Fire Resistance
- E1980, Solar Reflectance

UL

- 790, Class A Fire Resistance
- 2218, Class 3 Impact Resistance
- 2390, Class H Wind Resistance

CODES AND COMPLIANCES

- Meets AC438 Criteria
- CAN/CSA-A123.5-M90
- Florida Building Code Approved – FL 16305
- Miami-Dade County Product Control Approved

For maximum protection and warranty coverage, install an Atlas Signature Select® Roofing System with components designed and backed by an Atlas warranty.

SAFETY, STORAGE AND HANDLING

WARNING: Roofing application can be dangerous. Observe all precautions and safety guidelines in accordance with proper roofing trade practices. Minimize roof traffic. Perform regular roof maintenance in appropriate weather.

IMPORTANT PRECAUTIONS: Store on flat surface. Protect from weather during storage and on job site. Sealant protection tape is placed on back of each shingle and does not have to be removed before applying.

For additional safety, storage, and handling instructions go to: AtlasRoofing.com/roof-shingles/sds

INSTALLATION AND SPECIFICATIONS

For warranty and installation instructions go to: AtlasRoofing.com/roof-shingles/pinnacle-sun

For detailed installation and complete 3-part specifications go to: AtlasRoofing.com/roof-shingles/specifications

Atlas Roofing Corporation (ATLAS) warrants to you, the original owner of its shingle products, that this product is free from any manufacturing defects that materially affect the performance of your shingle during the Premium Protection Period or that cause leaks for the balance of the applicable warranty period.

* In order to qualify for the Atlas Lifetime Algae Resistance Limited Warranty against black streaks caused by blue-green algae, installation must include StormMaster® Hip & Ridge shingles, Pro-Cut® Hip & Ridge shingles or Pro-Cut® High Profile Hip & Ridge shingles featuring Scotchgard™ Protector with Atlas shingles featuring Scotchgard™ Protector.

** Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

¹ Refer to the Atlas Signature Select® Limited Warranty for all system coverage requirements.

Scotchgard™ and the Scotchgard™ Protector logo, including the plaid design and 3M™ logo, are all trademarks of 3M.

LIFETIME

limited warranty

Don't worry. We've got you covered with the Atlas Lifetime Limited Warranty*, ensuring your investment is protected for years to come.

130MPH

wind resistance

Let those winds howl. Because of our innovative HP42® shingle technology, your roof is shielded from wind gusts up to 130 mph.

HP42®

technology

HP42® technology features a wide format for better curb appeal, plus our Sweet Spot™ nailing area and double FASTAC® sealant line ensure your shingles will stay put.

CLASS 3

impact resistance

UL 2218 Class 3 impact resistance rating offers protection against harsh weather conditions, keeping your home safe and secure.

Scotchgard™

shingle protector

Your roof will stay beautiful because it features 3M™ Scotchgard™ Protector, which resists black streaks and stains caused by algae.

3M COOLING

technology

Controlling the power of the sun with 3M™ reflective granules, which will keep your roof and home up to 20° cooler, helping to reduce your energy expenses.

3M SMOG

reducing technology

3M™ Smog-Reducing Granules use a patented photocatalytic coating, converting harmful gases into washable plant-nutrient nitrates.

The Solar Reflectance Index (SRI) is an indicator of the ability of a roof surface to return solar energy to the atmosphere. Roofing material surfaces with a higher SRI will be cooler than surfaces with a lower SRI under the same solar energy exposure, especially on a sunny day. Using materials with higher SRI values can enhance building occupant comfort and reduce air conditioning use. For more information, please reference the Cool Roof Rating Council: <https://coolroofs.org/>

To provide homeowners with the most accurate representation of color options, several photo scans and house shots were used under various lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs.

Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.
