Loctite® Power Grab® Ultimate is the latest in Construction Adhesive technology. This formula works in all conditions, all weather and on all materials. It can be applied in wet conditions as well as bond two non-porous surfaces, which most construction adhesives cannot do. This product also can be applied in a wide temperature range, from 40-140°F, on both interior and exterior projects. It is repositionable for 10 minutes and is GREENGUARD® certified.

- Formulated to work in all conditions, all weather and all surfaces
- Zero second instant grab formula reduces the need for bracing and nailing
- Works on the widest variety of both porous and non-porous surfaces, including wet surfaces
- Extreme temperature application range from 40-140°F
- Cleans up with mineral spirits
- Meets sub-floor rated spec ASTM D-3498 and APA AFG-01

Power Grab Ultimate bonds to a wide variety of porous and non-porous surfaces including wood, laminate, drywall, plaster, tile, ceramic, porcelain, concrete, masonry, granite, brick, aluminum, metal, stainless steel, PVC, fiberglass and more.

- Not recommended for marine applications or areas permanently immersed in water

For a 9 fl. oz. (266 mL) cartridge:

- A 1/4" (6 mm) bead extrudes approximately 27.6 ft. (8.4 m)
- A 3/8" (9.5 mm) bead extrudes approximately 12.3 ft. (3.7 m)

Specifications:
Directions:
Tools Typically Required:
Utility knife, caulk gun.

Safety Precautions:
Wash hands after use.

Preparation:
The temperature of the product must be between 40°F and 140°F (4°C and 60°C) while the surfaces and the working area must be between 0°F and 100°F (-18°C and 38°C). For best performance, apply adhesive at room temperature. Ensure surfaces to be bonded are clean, dry, structurally sound and free of frost, dust, grease, oil, and other foreign contaminants. Pre-cut and fit materials before applying adhesive. Remove nozzle, cut nub and puncture inner seal. Screw on nozzle and cut to desired bead size.

Application:
Using a caulk gun, apply adhesive to one the surfaces to be bonded. Join substrates within 10 minutes and press firmly. Adhesive cures within 24 hours.

Clean-up:
Clean tools and uncured adhesive residue immediately with mineral spirits. Cured adhesive may be carefully cut away with a sharp-edged tool.

Storage & Disposal:
PROTECT FROM FREEZING. Store in a cool, dry place at room temperature. For maximum shelf life store at 75°F (24°C). Take unwanted product to an approved household hazardous waste transfer facility. Hardened material may be disposed of with trash.

Label Precautions:
WARNING! Uncured adhesive irritates eyes, skin and respiratory tract.

WARNING! Contains silanes and crystalline silica. May be harmful if inhaled or swallowed. Methanol is released during the application and cure, which may affect the nervous system causing dizziness, headache or nausea. Use in a well ventilated area. Do not breathe vapors. Avoid eye and skin contact. Prolonged or repeated skin contact with uncured adhesive may cause irritation. Wear gloves and safety glasses when applying product. Remove contact lenses before using adhesive. Wash hands after using. FIRST AID: For eye contact flush with water for 15 minutes. Call a physician if irritation develops and persists. For skin contact, wash with soap and water. If affected by inhalation, remove to fresh air and get medical attention. If ingested, do not induce vomiting; call a physician or Poison Control Center immediately. DO NOT TAKE INTERNALLY. KEEP OUT OF REACH OF CHILDREN.

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Refer to Safety Data Sheet (SDS) for further information.

Trusted Performance. Proven Results.
For over 50 years, Loctite Brand adhesives and sealants have taken on the toughest jobs. Used in race cars, airplanes, and even in the space-shuttle, Loctite provides solutions for the most demanding industrial, professional and consumer applications. Loctite gives you not the specialization, power and performance to not only get your job done, but to get it done right.
